STRIKE IN SOFT COAL MINES VIRTUALLY OVER

Operators Controlling Output of 60,000,000 Tons Will Sign Contract With Workers

(BY A. P. NIGHT WIRE.)

CLEVELAND, Aug. 14.—The soft-coal strike was virtually broken tonight, but prospects were that the actual signing of an agreement between the United Mine Workers and operators, controlling an annual output of 60,000,000 tons, would be delayed until tomorrow. The signing of the contract will actually end the strike, in part.

All details of the agreement were accepted in principle by both miners and operators and the actual draft of the contract was left to a subcommittee, which continued its work into the night. The actual signing of the contract, President John L. Lewis of the miners said, is expected to follow a meeting tomorrow of the union's policy committee.

APRIL WAGE SCALE. The agreement, it was said, would provide for re-establishment of the wage scales that were effective April 1 and the new contract would run until next March 31.

It also was decided to establish a fact-finding committee of representatives of the miners and operators to negotiate in the soft-coal industry. The committee would be chosen by miners and operators, with the personnel to be approved by the president.

Operators, represented in the conference have mines in Central Pennsylvania, Western Pennsylvania, Indiana, Illinois, Southern West Virginia and Michigan. The decision of the conference, it was understood, was that soft-coal operators anywhere in the country might become parties to the agreement, the reopening of their mines to be followed immediately. These operators, it was said, might sign the agreement as individuals or by State or district organizations.

WASHINGTON PLEADED. (Exclusive Dispatch.) WASHINGTON, Aug. 14.—Administration officials who last week predicted the end of the anthracite strike within a few days were pleased to learn of the forthcoming agreement between the anthracite operators and miners' union leaders at Philadelphia.

Reports have reached Washington that some of the soft coal mines in Pennsylvania are expected to reopen on Wednesday. The problem of expediting coal shipments to the Upper Great Lakes region, and the necessary total movement before the close of navigation, is a serious problem. It is expected 250,000 tons will be moved immediately in the present week, compared with an estimated shipment of 140,000 tons for last week. A figure of 400,000 tons has been set for lake movement during the week beginning August 21.

FAIR PRICE QUESTION. The matter of fair prices for coal mined in the various Pennsylvania districts is expected to be definitely settled at a meeting in Harrisburg Tuesday between the Pennsylvania Public Service Commission and a committee of coal operators. A total of 13,191 cars of coal were loaded throughout the country Friday, August 11. This represents an increase of 783 cars over the total for the previous week. Loadings of 69,000 cars were reported for the first five days of last week, an increase of 2,646 cars over the corresponding number of days of the previous week. Loadings of coal on the Chesapeake and Ohio Railway system Friday amounted to 1219 cars on the Norfolk and Western Railroad 1115 cars, and on the Louisville and Nashville system 1603 cars.

Inquiry from Kansas and other trans-Mississippi States relative to the obtaining of coal supplies from producers in the Rocky Mountain region are being referred by the Central Fuel Committee to the coal distribution agencies in the States now producing coal in that territory.

SOUTH PARADISE, Aug. 14.—Indicating that South Paradise is not standing still so far as population is concerned are figures which show a 10 per cent gain in telephone calls at the local postoffice over last year. June-July, 1931, saw a sale of \$1254.73 while the same period this year totaled \$1357.04, a gain of \$102.31.

FARMER WON'T GO ON STRIKE

Want Capital and Labor to Cease Quarrels

Should Depend on American Sense of Justice

Secretary of Agriculture Quotes Figures

(BY A. P. NIGHT WIRE.)

LEESBURG, (Va.) Aug. 14.—The farmer calls upon capital and labor to cease their petty bickering and resume production, trusting to American institutions and the American sense of fair play to see that justice is done to both of them. Secretary Wallace of the Department of Agriculture, declared in an address here today before the local farm bureau.

Mr. Wallace presented comparative figures to show that the purchasing power of the farmer's dollar had decreased sharply since 1913, "while the wages of the workman, and especially in organized industries, are considerably higher than they were before the war, whether the measure be in dollars and cents or in purchasing power."

The purchasing power of the wages of the railway employee in 1921 was 4 per cent less than in 1913. The purchasing power of the wages of the coal miner in 1921 was 10 per cent less than in 1913. The purchasing power of the farm hand who works for wages in 1921 was 15 per cent less than in 1913.

FARMERS BEAR BURDEN. "In short," Mr. Wallace emphasized, "the farmers of the country, numbering almost one-third of our entire population, have borne altogether the heaviest burden of deflation. They have endeavored to get relief by all lawful means. They have appealed to the administration, to Congress and to every other agency which they thought might be able to help them, but without success."

HARVESTERS DISBANDED. In the meantime the growers were disbanding their harvest hands. The work virtually was at a standstill. Company officials manned the engines of eastbound Southern Pacific trains Nos. 6 and 20 early and took them through Roseville and on to Ogden. Three west-bound trains, Nos. 1, 19 and 23, were brought from Ogden several hours later. These were the only trains reported by company officials to be much off their schedule.

Late today word reached Sacramento from San Francisco that U. S. Marshal Holman, in response to an appeal from Eugene Mulvey, Deputy Marshal in charge of the deputies at Roseville, had ordered a dozen more deputies to that strike center. Mulvey also appealed for the Department of Justice to investigate the situation. He declared the terms of a Federal Court injunction were being violated.

Gov. Stephens' office here received a protest from the acting Mayor of New Orleans and from federal orders there against sending State troops to that railroad center "at the request of the Santa Fe." At the Governor's office nothing was known of any request for troops at Needles or anywhere else.

AN INCOME FOR LIFE. Of all the financial opportunities offered, there are few so good as some of the life insurance policies. These policies are not only a source of income, but they also provide for the future of the family. They are a sure way to build up a fortune and to provide for the needs of the family in the event of death.

UNIONS AFTER NEW PARLEY. (Continued from First Page.) look more hopeful, Mr. Sheppard said. "I've been in deep water before and always have managed to get to the other side. I know whether I will make it this time or not."

Sheppard took occasion to characterize as "all right" reports of the fact that the Southern Pacific passenger trains stranded in the desert. He declared that every report received shows that the trains were taken into terminal points and were not left standing in the desert.

SOUTHERN TO FIGHT. The conference was arranged by Secretary of Labor Davis. Fairfax Harrison, president of the Southern Railway system, announced today a policy of "fight to a finish" on the part of his road in the strike.

"Every effort," he said, "has been made to operate our property that our men could honorably return to work. Every effort has been made to settle with our men. We have gone to the extent of offering the terms that they had previously agreed to accept. We have thus held out every reasonable inducement without result."

BABES BORN ON STALLED TRAIN

(Continued from First Page)

They said it would be dynamited long before it could get out of the desert. Therefore, she said, the plan had to be abandoned for the time being. The strongest threat was evidently upon the train, which was still in the minds of many of the passengers. Enough tourists to fill four Pullmans were left behind at Seligman when the consolidated No. 3 and 1 finally left. They refused to be moved until the situation had cleared enough to remove all danger.

Rev. Father D. A. Duggan, dean of the Pax University at Chicago, who is visiting friends here at 5251 Lemon Grove avenue, conducted religious services on the train at Seligman Sunday, which were attended by the passengers and crew. He and L. N. Atkins, Pullman conductor, agreed that they were not actually suffering at Seligman.

Mr. Atkins said that the train was stalled at Seligman, including four Pullman cars from train No. 3, and also a two-day consolidation of train No. 1. For several days the train had remained at Seligman.

Through there was no real suffering, there was a great deal of discomfort, and the women and children were fed first, while whatever was left was divided among the men. Rev. Father Duggan said that the train was stalled at Seligman.

There was gold at the end of the rainbow for Mrs. Alma Morris last night when she stepped out of the train at Seligman. Mrs. Morris, with her infant son, was traveling from the East on the train. She had been waiting for several days at Seligman.

TELLS OF THREATS. "The strikers came to us in person," Mr. Sheppard said, "and prevailed upon us to remain in Seligman." He said that he and his wife, Mrs. Sheppard, were in Seligman when the strikers came to them. They were told that if they did not remain, they would be dynamited.

Passengers on train No. 3 remained at Seligman in the Santa Fe yards last night. This train ordinarily goes north from Seligman to Los Angeles. The passengers were told that if they did not remain, they would be dynamited.

WAITED FOR PLANCE. Probably the most impatient friend waiting at the station as the long-delayed train pulled in was T. H. Rogers, president of the Southern California Telephone Company, who lives at 3101 Minnesota street. He was to meet his wife, Mrs. Rogers, who was coming from Kansas City. All arrangements had been made for her to meet him at the station.

WELL TREATED. John W. Selts, traveling with his wife from Chicago to visit their son, Glenn L. Selts of Glendale, said that the strikers treated the stranded passengers wonderfully. Better care could not be expected under any circumstances. He said that the strikers were very kind to them.

SOUTHERN TO FIGHT. The conference was arranged by Secretary of Labor Davis. Fairfax Harrison, president of the Southern Railway system, announced today a policy of "fight to a finish" on the part of his road in the strike.

"Every effort," he said, "has been made to operate our property that our men could honorably return to work. Every effort has been made to settle with our men. The Big Four or from other union officials could be obtained yesterday. Members of the Big Four official family met in secret conference yesterday afternoon. From members of the shopmen's union and striking firemen and engineers, in and about the Labor Temple, late yesterday afternoon, it was learned that the union officials are quarreling among themselves regarding the best plans to follow, and that the union is so far from united that the members of the union declared yesterday that an official announcement of some kind will be made by them today.

The only direct word from the strike officials came from the telephone wires sent to Gov. Stephens by union leaders in San Bernardino. The messages were signed by Mayor Charles W. Kennedy of Needles and other union leaders of the Big Four. The messages were answered from Sacramento by Arthur E. Keene, secretary of the Governor to the effect that he telegrams demanding troops.

From Fresno and Bakersfield the local fruit exchanges yesterday issued fruit that if no change came in the strike situation, the growers would total about \$40,000. It is estimated that 40,000 carloads of green fruit are waiting for shipment and that less than 1000 cars have been sent out by the growers.

Many of the fruit growers in the valley are not attempting to pick their crops because of the impossibility of shipping them. Thirty carloads of green fruit are said to be rotting in the railroad yards at Bakersfield. Unless green fruit can be shipped, the railroads almost at once nothing can be done to save the crops, according to the fruit growers.

OFFICIALS COMING. Mr. Hubbard also posted a telegram from A. G. Wells, vice-president of the Santa Fe. The message, addressed to all train engine and yardmen, informed the strikers that officials of the Big Four were on their way to the Coast to enforce the brotherhood laws. The telegram follows:

"President Lee of the railroad brotherhood writes me in answer to my joint message as follows: 'Your wire of this date received. Department of Justice, MacKenzie left El Paso today for Albuquerque, N. M., with instructions to go to the Coast lines to secure positive information regarding conditions of employment and will require enforcement of brotherhood laws.'"

Have instructed Vice-President Harkey, now in Kansas City, to enforce compliance with brotherhood laws on Santa Fe proper. Endeavoring to start Vice-President Harkey from Chicago to Coast line today. Have wired officials of Indogap at Albuquerque, Gallup, Needles and San Bernardino along same lines as wired earlier. BOMB PLOT SUSPECTED

Marshal Charges Strike Sympathism Involves Brotherhoods

(EXCLUSIVE DISPATCH.) SAN BERNARDINO, Aug. 14.—A "bomb" plot was suspected today by U. S. Marshal Charles F. Greenwood in the Santa Fe strike yards here early this morning. The striking shopmen to involve the Big Four in the plot, the marshal said, was taken to the contents of the "bomb."

Deputy Marshal Greenwood said: "I believe that strikers or strike sympathizers placed the 'bombs' in the yards to intimidate the Big Four and to create a panic among the employees who would be called upon to transport the 'bombs' to the Coast." The "bomb," a piece of pipe twenty inches long, plugged at both ends and containing a small amount of dynamite, was found in the shop yards last week after twenty-three explosions had rocked the city.

UNION CHARGE DENIED. Denial that the equipment of the Atchison, Topeka and Santa Fe Railroad is unsafe, as asserted by striking members of the Big Four brotherhoods, and a declaration that if the Big Four would make the "endeavor to carry on the service" were made in bulletins, the railroad would be glad to accept the challenge.

FEEL THAT WE WERE HERE IN 1914. "Many of you were here in 1914 when a sympathetic strike was in progress," Mr. Hubbard said, "and you know that the strikers were not able to carry on the service, to do the work which you decline to perform."

OFFICIALS COMING. Mr. Hubbard also posted a telegram from A. G. Wells, vice-president of the Santa Fe. The message, addressed to all train engine and yardmen, informed the strikers that officials of the Big Four were on their way to the Coast to enforce the brotherhood laws. The telegram follows:

Have instructed Vice-President Harkey, now in Kansas City, to enforce compliance with brotherhood laws on Santa Fe proper. Endeavoring to start Vice-President Harkey from Chicago to Coast line today. Have wired officials of Indogap at Albuquerque, Gallup, Needles and San Bernardino along same lines as wired earlier. Instructing vice-presidents and local officers of our lodges on the coast lines to require members to perform usual and regular duties until authorities are satisfied that the situation is quiet, according to constitution, and that failure to comply with brotherhood laws and working agreements means justifiable exclusion by the company of working men from the company.

ACCUSES FRIEND OF BLACKMAIL BLUFF CALLED

Coca Cola Magnate's Son Files Suit

Automobile Manufacturer is Made Defendant

Wife, Stateroom Genesis of Affair

(EXCLUSIVE DISPATCH.)

ATLANTA (Ga.), Aug. 14.—Two men, interested in the same business, and until a voyage to Europe recently, frequent guests at the same functions and at each other's homes, are on the opposite sides of a suit charging blackmail, filed in the Superior Court today.

The plaintiff is Walter T. Candler, banker, and a son of the millionaire manufacturer of Coca Cola; Aaa G. Candler, nephew of Bishop Warren A. Candler, the Methodist Church (South) and of Judge John S. Candler of Georgia.

The defendant is Clyde K. Byfield, head of the Apperson-Byfield Automobile firm here. The transaction involved is the appearance of W. T. Candler in the stateroom of Mrs. Byfield on the steamer Berenger, the sudden arrival of Byfield, punches between the two men and a blow said to have been received by the woman.

NOTE IS DRAWN

Subsequently, it is said, a note for \$25,000 was drawn by Candler on the Central Bank and Trust Corporation, of which he is cashier, in favor of Byfield. Later the plaintiff says, he exchanged this note for \$200,000, the difference, \$175,000 being cared for by money he had loaned to Byfield to make the trip to Europe.

AFFAIRS INTERLACED

The financial affairs of the two men are interlaced. Candler is a heavy stockholder in Byfield's company and is said to have given him one of his race horses.

Candler's version of the affair at sea, accuses champagne and Byfield. It tells of his wandering into a stateroom where Mrs. Byfield was, although he could not explain her presence.

BLOWS ARE STRUCK

At this juncture Byfield, the defendant, entered the room and the defendant said, in substance, "Now, I have caught you, and I have been suspecting this for six months. You must pay me \$25,000." Byfield it is said then struck Candler with the handle of a cane.

Byfield then struck his wife and made an attempt to get a pistol. At this point the complaint describes Candler as "in a dazed condition," during which the note was signed. The note which Byfield now holds comes due on the 18th inst. and the court issued a temporary restraining order against its being sold pending the hearing of the case.

The plaintiff's father, now 71 years old, admitted last week his marriage to Mrs. Onestina de Bouchelle, a beautiful divorcee of New Orleans. Many years ago he was plaintiff in a suit in which he charged that a man and woman had tried to extort \$100,000 from him.

BROTHERHOOD BLUFF CALLED

must be met satisfactorily to the general grievance committee of the "Big Four."

This warrants the deduction that the committee at Winslow is acting under the direction of the general chairman and certainly constitutes an unwarranted and sympathetic strike approved by the four organizations in flagrant violation of their constitutions and obligations under the existing agreements between this company and the train and engine service employees.

"I ask you each to declare whether you will immediately order, and require compliance with your order, that men shall return to work and perform their accustomed duties, advising them that failure to comply will result in your co-operating with the company to supply men to take the places which they have vacated or shall the company proceed at once to accept the only alternative left to it in its duty to the public and engage services of men to fill the places of those on strike?" I demand of your constitutions on the point from you today.

LEE BACKS ROADS

(BY A. P. NIGHT WIRE.)

CLEVELAND, Aug. 14.—When the president of the Brotherhood of Railroad Trainmen, Topeka, and Santa Fe Railway, was read to W. G. Lee, president of the Brotherhood of Railroad Trainmen by the Associated Press tonight, Lee declared:

"I have no objection to our lodges on the Santa Fe coast line to the effect that if the men do not comply with the brotherhood's laws and return to work and carry out the terms of their agreement, it would be justifiable reason for the company to cancel the schedule now in effect with the brotherhood."

Lee has two vice-presidents now traveling on the coast line and will start a third from Oklahoma to Salt Lake City to confer the Union Pacific with instructions to enforce our constitution and working agreement with the company."

ATTORNEYS WATCH FOR CONSPIRACIES

ABANDONMENT OF TRAINS UNDER EYE OF FEDERAL REPRESENTATIVES

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 14.—Attorney General Cummings today directed the United States Attorney for Northern California, Arizona and New Mexico his instructions wired Saturday to the District Attorney for Southern California, to bring grand jury actions where warranted in connection with the striking of the Santa Fe system through abandonment of trains by their operating crews.

Advices to the Department of Justice were said to indicate that trouble was spreading to Northern California. The department received a copy of the resolution adopted by locals of the Big Four brotherhoods at a meeting held at 10 p.m. tomorrow on the ground that equipment was unsafe with "strikebreakers" with guns and knives at work.

Atty.-Gen. Daugherty said that the federal attorneys were watching the situation very closely and that if their investigations warranted making a presentation to the grand jury, such action would follow quickly.

TAKES NO ACTION

SAN FRANCISCO, Aug. 14.—U. S. Dist. Atty. Williams held a conference in his office this afternoon with his assistants after he had received "strikebreaker" instructions to bring grand jury actions where warranted in connection with the striking of Santa Fe trains in the Southwest by strikers. No action was taken, it was said.

Ontario Realtor Changes Views After Witnessing Acts of Strikers

(EXCLUSIVE DISPATCH.)

ONTARIO, Aug. 14.—That he had always been a union sympathizer, but that he is through after witnessing the suffering to which the selfishness and heartlessness of the strikers has subjected an innocent public, was the declaration this afternoon of F. R. Chaffee, prominent realty broker and secretary of the Ontario Realty Board, just returned from a stay of two months in Chicago and vicinity.

Mr. Chaffee declared that strike conditions in the Middle West are very much worse than generally believed. He related instances of the which he had personally witnessed in which workers were attacked en route from their homes to the Pullman shops, unmercifully beaten and allowed to die in the streets.

The Ontario realty man also related instances of great suffering to which women and small children were subjected when trains were stalled by the strikers in out-of-the-way places.

The trip from Chicago to Ontario required six days with many changes.

MAN'S RIGHT TO WORK UPHELD

Arizona Governor Promises His Protection

Two Thousand Men Badly in Need of Food

Appeal from Kingman Asks Official Aid

(EXCLUSIVE DISPATCH.)

PHOENIX, Aug. 14.—Gov. Campbell this evening said that all the powers of his office would be used if necessary to secure to every individual the right to work.

"The right," he said with emphasis, "is guaranteed by our Constitution and I will protect it wherever necessary in the movement of abandoned trains."

With regard to sufferings of passengers along the Santa Fe the first intimation of such conditions came to him in a message from President Harding, tendering Federal assistance if necessary. The Governor said climatic conditions at this season are excellent at Seligman, Ashfork, Flagstaff and Winslow within Arizona and Harvey Houses are available at nearly all points for feeding the passengers.

He has sent Adj.-Gen. Ingalls to Seligman and from him has been advised that stranded passengers have been taken care of and furnished two meals a day.

MEN NEED FOOD

The most serious report is from Kingman, where the Sharp and Peckham Lumber Company has 2000 men and 700 animals at work. The company wired the Governor that it is practically out of feed and water and supplies adding, "We have our own engine and can take care of necessary water and supplies but are not allowed to do so by strikers. Would appreciate suggestion from you as to steps to take for immediate relief and for protection of stock and people along abandoned territory."

To this the Governor's reply was, "were I in your place and had permission from Santa Fe to use its right of way and had consent men to operate trains I would proceed to do so for my own preservation and of those in my employ. If I interfered with would appeal to the local authorities for protection and in the event of their failure, I would appeal to the Governor of the State setting forth explicitly all acts of interference. This is what to be taken as my recommendation, but as my suggestion in answer to your message."

Gov. Campbell repeated the contractor's message to the Sheriff of Mohave county. Reply promptly came that conditions are as represented.

Sheriff Davis at Prescott wires that the strike situation could not be better at Prescott and Seligman. He gives assurance that men at work will be protected as are other citizens. In Prescott yesterday one shop worker was arrested on a charge of carrying weapons.

Afternoon the trainmen of the Arizona Eastern held a conference with Gen. Mgr. C. M. Scott, but only over matters of minor administration. There still comes assurance from central points that no change is expected in the present satisfactory conditions.

TRAIN MOVED

The Santa Fe is settling down for a long lull. This morning a regular passenger train with full equipment of mail, baggage and day coaches left Phoenix for Ash Fork, to return this evening with an available extra crew composed of road officials. This will alternate with the crew that came in last night. A number of veteran engineers are available. Equipment is being maintained in good condition by small shop forces at Phoenix and Prescott, unimpeded thus far and with only the usual force of watchmen.

Technically the conductors are not on strike but they have refused to take out a train on which was a nonunion brakeman, so they are not being considered in the new scheme of operation.

BIG FOUR FEAR STRIKE EFFECT

Rich and Powerful Unions Looking After Money

Supreme Court Ruling on Damages Deterrent

Wage Board Decision Also Makes Men Think

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 14.—After a long conference at the White House, the Big Four railroad labor union leaders tonight announced that they hoped to arrange a meeting with a committee of the executives who were not so anxious in insisting on the position adopted by the executives at the last session.

The leaders still believe there is a chance to settle the strike in a few days and hope to arrange an early meeting. No one expects a strike of the Big Four brotherhoods.

In the first place they have no grievance and in the second place they are strong in number and organization and rich. Several of them have good investments piled up over a series of years and they do not want to jeopardize these accumulations by being responsible for a strike order. They have had expert legal advice on the recent Supreme Court decision which held that persons or corporations damaged by strikes can recover in the courts damages from the union of the strikers. This is a deterrent and a big one.

The shopmen's union has no accumulation and judgments against them would not be vital, but with the Big Four the conditions are wholly different.

NO LONGER ISSUE

The Big Four leaders here say that animosity is no longer an issue, but that the right to strike is involved now and that this must be settled. Altogether the unions are in a dilemma. While the Big Four men have no present idea of striking, not even to help out the shopmen in their fight, the decision of the United States Railroad Labor Board which has three times decided that when men strike the important places are declared vacant, they can go back only as new men and all rights they may have obtained by long service are forfeited.

Union leaders have insisted in every strike that when the men are on strike they have not resigned or been discharged and their jobs are still employees of the company and remain so no matter how long the service is withheld.

WANT COMPROMISE

This is the point they are now raising and which they want to eliminate by compromise with the executives and if they are unable to do that the great system of preferred rules and working conditions, seniority and priority rights built up through years of dickering from year to year will all be swept away and once a strike is called and the men who refuse to report to work in the dead-line limit fixed by the employers, all rights are forfeited and the men, if they go back, and when they do, will be hired as new employees and without reference to previous records or rights.

These two great obstacles preclude any strike of the Big Four. One is the Supreme Court decision holding the unions and their responsible officers liable for damages and the other is the decision of the Labor Board that men who persist in strikes beyond the time limit of re-employment forfeit all rights of any kind acquired by service.

WON'T RUN RISK

The rules and rights of the Big Four amount to more in their pay and comfort than wages themselves and the officials are not going to run the risk of forever losing these rights any more than they are going to place all the assets of their unions at the mercy of the railroads in damage suits which will come with an avalanche the moment the strike orders are issued.

Leaders of the rail unions have only recently realized what they are up against in view of the decisions of the Supreme Court as to damages and the United States Railroad Labor Board as to the forfeiting of priority rights in case of strike, and those who are studying the details of the strike situation say that it will be a long and cold day before the leaders of the Big Four jeopardize either the savings of the unions by damage suits or the accumulated rights gained in many years of struggle by calling a strike.

TELEGRAPHERS WAIT

(BY A. P. NIGHT WIRE.)

INDIANAPOLIS, Aug. 14.—No strike order for telegraphers of the Big Four railroad will be issued by union officials, pending a hearing of the union's grievances before the Railroad Labor Board at Chicago on the 21st inst. It was announced here tonight by Edward Whalen, general chairman of the Big Four division of the Order of Railroad Telegraphers.

El Senado concluyó el estudio de casi todas las enmiendas de la Comisión de Hacienda al proyecto de ley de aranceles, no faltando sino las cuotas a varios artículos menores, y la lista de libros de derechos.

Hoy declaró el Senador Borah, de Ohio, que perdería el Partido Republicano la confianza del pueblo, si se llega a votar la ley del plus del soldado.

Whitney Demandado por un Millón

BALTIMORE (Nueva York) agosto 14.—Los abogados de Evan Burrows Fontaine, una bailarina, interpusieron hoy aquí demanda por \$1,000,000 contra Cornelius Vanderbilt Whitney, hijo de Harry Payne Whitney, por falta de cumplimiento de promesa.

En dicha demanda se acusa a Whitney de haber comenzado a hacerle la corte a la Srta. Fontaine el 19 de mayo de 1919, continuándola hasta octubre 28 de 1920, fecha en que, al decir de la actora, el reo prometió casarse con ella tres días más tarde, cosa que no cumplió.

BRAZILIAN APPOINTEE DROPS OUT

Centennial Commission to Represent United States Again Broken

(BY A. P. NIGHT WIRE)

WASHINGTON, Aug. 14.—The involved fortunes of the Brazilian Centennial Commission, appointed to represent the United States at the Rio Exposition next month, took another unexpected turn today when John T. Kirby of Texas handed in at the White House his resignation as one of the five commissioners.

Pressure of private business affairs was the reason publicly assigned by Mr. Kirby for his withdrawal. Two other persons were expected soon to sever their connections with the body and cancel their plans for going to Rio.

With Mr. Kirby's resignation the membership of the commission becomes a broken official circle for a second time. Commissioner Frank Harrison of Nebraska having given up his place several weeks ago after making charges of mismanagement against the Director-General and other members. J. Butler Wright of the State Department was appointed to take the place of Mr. Harrison.

President Harding, with the new development, is now faced with the prospect of appointing at least one more commissioner or else sending an incomplete official organization to Rio.

Mr. Kirby is president of the Southern-Texas Association and of the Southern Pine Association and is said to be one of the wealthiest men in Texas.

Back to Nature Garb Gets Man into Difficulty

(BY A. P. NIGHT WIRE)

SPOKANE, Aug. 14.—W. R. Willey, a farmer of Deep Creek, in this country, was sentenced in Justice Court today to 30 days in jail because of his penchant for "back to nature" garb.

Willey came into court clad in a pair of short trousers and an unbuttoned jumper, the latter he explained, a concession to the dignity of the court. Willey protested that he had found his scanty costume conducive to health. Justice S. A. Mann declared it was against public decency.

"Adam and Eve wore no clothes," "Not for long," the justice replied. "Thirty days."

AUTHORITIES QUESTION RANCHERS' CREMATION

(BY A. P. NIGHT WIRE)

SANTA ROSA, Aug. 14.—James Moore, a rancher, was brought here today from Elverano in the Sonoma Valley, by Dist. Atty. George W. Hoyle and Sheriff John M. Boyce for questioning concerning the burning to death of George Bruns, aged 64, a chicken rancher of Elverano, in his home yesterday.

Moore told Hoyle and Boyce, according to their statement, that he attempted to rescue Bruns from the burning house, but that Bruns fought him off, and he was compelled to flee to save himself. Moore said Bruns had been despondent for some time. Moore was ordered to testify at the inquest here today.

Despite indications of suicide, Dist. Atty. Hoyle believes there may have been foul play.

Distinguished Mexican Visitor in Los Angeles Strikes Note of Optimism

In consultation with the officers of the Los Angeles Trust and Savings Bank, Gen. Serrano, Secretary of War for the republic of Mexico, sounded a keynote of optimism with regard to the future relations between Mexico and the United States, particularly emphasizing the benefits to be derived from the present-day tendency to co-ordinate the economic activities of the Pacific-Southwest, including the port of Mexico contiguous to the Pacific-Southwestern section of the United States.

He stated that the Oregon government is making remarkable strides in re-establishing normal conditions in Mexico, and in addition, the ordinary problems of government have been maintained peace throughout the country. He permitted the railroads to get to better condition than they have been for many years, and has gradually brought labor conditions to a place which is better than they have been for some time.

A COMMON INTEREST

He pointed out that the people of California and Mexico have great interests in common in the development of the Imperial Valley, which really forms one international boundary line. There is a strong interest in official circles to a place which is better than they have been for some time.

MEXICAN TRADE GROWS

Officers of the bank pointed out that it is not generally realized that even in 1931 the foreign business with Mexico through Los Angeles Harbor amounted to approximately \$2,500,000. Mexico being the fifth country in the point of foreign trade through the harbor. Of this trade, in excess of \$1,400,000 was exports to Mexico, and a little less than \$700,000 was imports from Mexico. Of the imports, approximately two-thirds were crude petroleum. The exports were mostly of a miscellaneous character, consisting of small shipments of widely diversified goods, the most important being cotton manufactures, medicines and drugs, iron and steel products, cement, machinery, confectionery and canned fish.

With the return toward normal economic conditions in Mexico, predicted by Gen. Serrano, there is every indication that this commerce will very materially increase to the benefit of both Mexico and the Pacific-Southwestern portion of the United States.

There was again more money in the financial district than borrowers wanted to take. Something like \$20,000,000 was in hand at the closing of the market today to be put on call and the result was a gradual decline in the rate from 4 per cent to 3 per cent, the lowest since August 4. Bankers are inclined to the belief that this rate will continue for most of the week.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—Professional operators today took advantage of the deadlock in the rail stock market, one of the beginning and one at the close, which resulted in recessions of 1 to 4 points in the active issues.

Active and strong buying support halted the first reaction, but constructive sentiment apparently was disappointed over the prolongation of the strike, and the second attack caused many shares to yield and close at the lowest prices of the day.

Northwestern rails, which had registered the largest advances in the upward movements last week, yielded the most. Losses of 1 to 2-1/2 points, were shown by Missouri Pacific, Northern Pacific, Great Northern preferred, Pere Marquette, St. Paul, Chicago and Northwestern, Rock Island, Chesapeake and Ohio, New York Central, St. Louis and San Francisco, St. Louis Southwestern and Lehigh Valley. Central Railroad of New Jersey dropped 5 points on small sales.

Mexican Petroleum fluctuated within a radius of nearly 6 points, closing at a net loss of 4-1/4. Extensive selling of General Asphalt forced the common down 4 points and the preferred 6 points. Mexican Seaboard Pan-American Petroleum, Phillips Petroleum and Standard Oil of New Jersey were also heavy at losses of approximately 1 to 2 points.

Independent steels were strong in the early trading on reports of an early consummation of the two independent mergers, but they sagged considerably in the general reaction at the close. Lackawanna Steel was off 2-1/4, Republic dropped 2-1/4 and smaller declines took place in Midvale, Republic and Vanadium. United States Steel receded 1-1/4.

Several high records were made in the upward movement around noon, notably by Sears-Roebuck, Burns Brothers, International Harvester, National Cloak and Suit, Famous Players, Advance Rumely, Allied Chemical and J. I. Case preferred, but most of these yielded with the general list in final dealings.

Total sales were approximately 575,000 shares.

New low record in the Canadian discount rate and a sharp break in French francs featured the dealings in foreign exchange. The Canadian premium was down 10-1/2 to 1-1/2 per cent as compared with a high of 19-1/4 per cent in December, 1920.

Failure of the Allied Premier to reach an agreement caused the reaction in francs, which fell 18 points to 85 cents. Demand sterling was off 1-1/4 and German marks were down to 11-7/8 cents a hundred, only 3-8 of a cent above the extreme low record. Belgian, Italian and Dutch rates were down 5 to 14 points.

Call money operated and renewed at 4 per cent, but eased off to 3-1/2 before noon and thence to 3, where it closed. Time money rates were virtually unchanged, with few important dealings being reported. Rates on commercial paper were inclined to firmness.

OATMAN STOCKS SHOW SIGNS OF WEAKNESS

Declines in the mining list were the only features of yesterday's dull session on the Los Angeles Stock Exchange. Oatman United dropped 1 cent to 23. Telluride dropped 1 1/2 to 35 1/2, while Treadwell, pursuing its usual erratic course, slumped 11 cents to 65 at the close. Industrials were generally steady, with Southern California Edison common and Los Angeles Investment holding firm at Saturday's prices. Republic Petroleum was very active and recovered 1 cent to 9 1/2. This is the first definite upturn that Republic has taken since the 3-cent assessment was announced last week.

Following are the closing prices and sales as posted yesterday in the Stock Exchange Building.

MARKET NEWS LACKS CHEER

Desert Desertion of Trains Sends Stocks Down

Foreign Exchange Provides Disturbing Factor

Sudden Settlement is Hope of Wall Street

BY ALEXANDER DANA NOYES

(EXCLUSIVE DISPATCH.)

NEW YORK, Aug. 14.—The

news with which the week began

today was not of a character to in-

spire cheerfulness; all financial

markets opened in the shadow of

the sporadic acts of violence

against the railways, the desertion

of their trains by operating crews

at various western and southern

points and the adjournment of the

London reparations conference

without agreement. This time the

news was reflected definitely in the

markets, railway shares declining

on the average about a point in

the stock exchange, while the

frank fell back to last week's low

rate in the foreign exchange mar-

ket. Prices for wheat and cotton

also went lower; partly, it is prob-

able, because of the day's unset-

tling news. On the other hand,

French government bonds held

firm in the New York market, re-

gaining all of an early fractional

decline, and neither the London

stock market nor the rate for ster-

ling gave evidence of uneasiness.

The day's weakness in the stock

market and in foreign exchange

was a natural expression of uneas-

iness at the failure to find a solu-

tion for the two problems which

in some way must be solved in the

very near future; but it was also

based on consideration of the most

disquieting alternative possibil-

ities; in the case of the rail-

way controversy, a general hold-up

of transportation; in the case of

the German reparations, forcible

action by France individually.

MARKET REACTIONS

Had either of these alternatives

been looked upon as immediately

probable, the markets would have

moved emphatically. Instead of

losing, as they did, only a part

of last week's late recovery. But

the feeling in financial circles as well

strongly to the effect that the rail-

way brotherhoods, in the interests

of labor as a body, and the per-

sonal and corporate interests of

the crippling transportation and

fuel distribution to go on, and that

the French government is wholly

unlikely to permit action which

might imperil the entente. Never-

theless, it had to be recognized that

the desertion of trains in the wild-

erness by their crews, on a flimsy

pretext, and in absence even of or-

ders from the unions, has intro-

duced a new and unpleasant phase

into the situation, and that the

failure of the London conference

left the German reparations prob-

lem in a state where the next turn

of events was impossible to fore-

cast. Financial markets were par-

ticularly disquieted by the

action taken today, and the

existing situation was logical in

the existing situation.

Similar influence,

it was recognized today that the

labor situation was at a point

where a sudden change was al-

ways a possibility. The evident

approach of such settlement in the

coal trade dispute necessarily af-

SEIZE SHIPPING BOARD VESSELS

Officials Sue to Recover Six Boats of Fleet

Failure to Meet Payments Causes Action

Twenty-eight Other Craft Also Affected

WASHINGTON, Aug. 14.—Institution of libel proceedings against six vessels purchased in 1930 by the Atlantic Gulf and Pacific Steamship Company, one of the early purchasers of government tonnage, was announced today by Chairman Lasker of the Shipping Board. The proceedings resulted from failure to make payments on the outstanding purchase price, Mr. Lasker said.

Four of the vessels already have been seized in American ports and the other two will be labeled as soon as they reach port. The Chairman Lasker of the Shipping Board, the Liberator and Cape Henry at Baltimore, and the H. R. Grove at Tacoma, Wash. The Cape Henry is due at the Panama Canal on about the 15th inst. and one of the six vessels, the West Haven, having recently passed through the canal, is due at a North Atlantic port within a few days. The cargoes on these vessels will be protected by the Shipping Board, it was added.

In announcing the action taken in the Atlantic Gulf and Pacific case, Mr. Lasker said that all solvent purchaser of government tonnage vessels have to make a settlement with the Shipping Board by September 15, or face proceedings similar to those which have been instituted. The chairman indicated that in some cases action might be taken before that date. Pioneer purchasers of government tonnage on July 1 owed approximately \$19,000,000.

Nine companies, operating twenty-eight vessels, are affected by this decision, it was said, those in the hands of receivers not being involved. The amount sought is the balance due on the purchase price after they were reduced several months ago because of the high rates prevailing at the time the ships were taken over from the government.

The Atlantic Gulf and Pacific Company contracted to pay \$3,114,127 to the government for 15,147 tons of government tonnage ships, but has paid only about \$155,000, Chairman Lasker explained, adding:

"The action of the Shipping Board was taken after the most deliberate consideration of the matter and then only when we were convinced that their obligation to the trust reposed in them left no other course."

TRUCK DRIVER HURT

Roader Collides With Trailer on Harbor Road

Vern Austin, truck driver, employed by the General Trucking Company of Los Angeles, was seriously injured last night on the road between Long Beach and Los Angeles Harbor. He had started his truck to light the lantern serving as a tail-light on the trailer, when he was struck by the light of another car and falling to see the trailer, because of the lack of a light on it, ran his car into the trailer. Austin was pinned beneath the trailer. He is in the Santa Anita Hospital. Mr. Austin escaped with cuts on the face.

PARTY RESCUED AT LAKE TAHOE

Mrs. Kent, Wife of Former Congressman, Is Marooned

(BY A. P. NIGHT WIRE.)

RENO (Nev.) Aug. 14.—Mrs. William Kent, wife of a former Congressman from California, with a party of friends, was rescued on Lake Tahoe at 10 o'clock last night after the engine of her motorboat had been stalled since morning. A high wind was blowing and the party was dripping wet from spray when picked up by C. W. Farrell and towed to Glenbrook. Several searching parties around the lake were sent out early in the evening as it was feared the boat had sunk.

Four of the vessels already have been seized in American ports and the other two will be labeled as soon as they reach port. The Chairman Lasker of the Shipping Board, the Liberator and Cape Henry at Baltimore, and the H. R. Grove at Tacoma, Wash. The Cape Henry is due at the Panama Canal on about the 15th inst. and one of the six vessels, the West Haven, having recently passed through the canal, is due at a North Atlantic port within a few days. —It taxes ability to tell about these values briefly enough to allow variety to be truly represented. With price reductions so stern and spontaneous in the Spirit of Clearance; with Merchandise Specially Purchased for Clearance Offering arriving daily; values crying to have their merits spread abroad—available space seems totally inadequate.

—Look upon Bullock's August Clearance as an Exemplification of Service and an Interpretation of the Ideal of Bullock's which aims toward the satisfaction of every customer—and take advantage of its opportunities today—in every section of the store.

Real Lace Guimpes, \$4.85

—Many of them hand-embroidered—and all of fine nets. Notice the trimmings of real Filet and real Irish laces—also dainty Vals.

—Notice the good styles, including even the very new frilled effects as well as roll collars, Tuxedo and round creations—notice the many marks that give these Guimpes distinction and know why this Clearance price of \$4.85 necessitates the warning "as long as 180 last"—Tuesday—at Bullock's First Floor.

Even Mah Jongg in Clearance, \$12.50

—Here is the game of a thousand wonders—every one who touches the mysterious little pieces of Mah Jongg becomes enthralled—fascinated—

—The game dates back to the Dark Ages, coming from the courts of China—now it is modernized and it is sweeping the Western Hemisphere with its mystery.

—Bullock's August Clearance introduces a special Mah Jongg set reduced to \$12.50—Tuesday—Bullock's Fifth Floor.

100 Women's Gingham Dresses, \$2.45

—Every one of them has left behind a much higher price than \$2.45, so that Clearance in Bullock's Section of Inexpensive Wash Dresses will have its own significance in Value—

—There are many styles—most of them only one or two of a style—in sizes up to 40 only—Tuesday—at \$2.45 each—Third Floor—North Bridgeway.

Odd Wool Sweaters Selling at Reductions

—In a group that ranges in price from \$1.95 to \$6.95 there is a good selection of styles in good wool yarn sweaters—some lovely Tuxedo models included—a fine selection of colors.

—Many of these are actually less than half of their original markings—\$1.95 to \$6.95—Women's Sweater Section—Fourth Floor—Tuesday.

Still Coming! Shoes at \$2.95

—A continuous procession of them from the very heart of Bullock's regular stocks pouring into this great medium of Clearance—the price \$2.95, regardless of former markings.

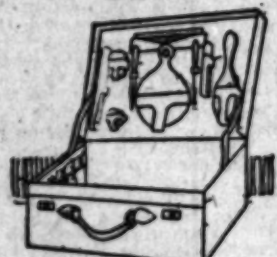

—Forty lines of Pumps of good wearing qualities and styles—including almost all of the desirable materials.

—Not all sizes in any one style—but all sizes represented in the group—Clearance priced at \$2.95 a pair—in the Section of Style Supreme Shoes for Women—at Bullock's Fourth Floor—Tuesday.

Girls' White Nubuck Slippers at \$3.35

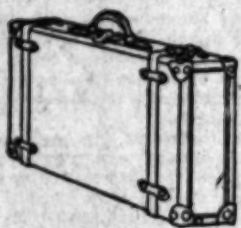

—In sizes 8½ to 11—greatly reduced as you will soon recognize when you see the fine white Nubuck—the Flapper Slippers—the Goodyear welt sole—the perforations on the tips and the general smartness and good quality of these Slippers. Sizes 8½ to 11 at \$3.35. Sizes 11½ to 2 at \$3.95 a pair. Bullock's Boys' and Girls' Shoe Store—Fifth Floor—Tuesday.

Luggage Clearance is Remarkable

Gov. Stephens Escapes Reply on Water-Power Act

Woman's City Club Leader Reverses Herself

"He Needs Answer," She Says; He Exits Hastily

BY MYRA NYE

Mrs. William F. Cunningham, president of the Woman's City Club, yesterday surprised the membership in regular session when she abruptly deviated from her well-known attitude of non-partisanship, as a presiding officer and protected a candidate from answering a question propounded from the floor by a member.

"How do you stand on the Water and Power Act?" came the question loud and clear to Gov. Stephens, who was speaking for himself and asking for re-election.

Immediately the president of the club was on her feet before the speaker could reply.

"As the speaker has already declared himself on most of the important issues, it is not my duty to answer this question," said Mrs. Cunningham. "He has a perfect right to his own private opinion as to the Water and Power Act," she added.

This was the statement that surprised Mrs. Cunningham's constituency. Since her election to office she has made it her habit to explain to all speakers that it is the custom of the club to refrain from asking questions. Not only are they expected to question, but they are urged to do so, she said.

UNDIGNIFIED EXIT

Coincident with this surprise was the greater one of witnessing the abrupt and altogether undignified exit of the Governor. He was off the platform, hustled by his supporters through the side corridors and into his automobile before his audience had recovered from their astonishment.

Gov. Stephens is the first candidate to leave the Woman's City Club without answering a question put to him. His hasty exit made a deep impression on the present.

As questions and answers are the features of all sessions, the absence of them yesterday left time unaccounted for. This was taken up by Mrs. John Meyers, secretary of the club, in reading the resolutions passed at the meeting of the week before which supported Mrs. Cunningham when she asked Senator Johnson in his meeting: "Are you for a modification of the Eighteenth Amendment?"

A ripple of half-suppressed laughter went over the audience when Mrs. Meyers, a Johnson woman, hurried over the reading when Senator Johnson's rudeness in refusing to reply was alluded to.

When she read further, answering and awarding all partisan action, we nevertheless approve of our president's attempt to gain an answer on an important issue. Intelligent voters we feel we have a right to be informed by the candidates how they stand on all questions that affect California and its electorate. We further state that we have the right to question them on these issues."

Mrs. Cunningham's inconsistency of action was emphasized by loud clearing of throats and significant "Ahems."

"What's the cause for the scene for the gender," some one said aloud, and another added, "It's a good thing the Bible has a book of Acts and not of resolutions. It's acts that count and not resolutions."

ROMINGER OPPOSES IT

Although the meeting had its anticlimax, it was of interest from another point of view, his opponents taking the Governor's trick. State Senator Rominger, candidate for Lieutenant-Governor opposing C. C. Young, a Stephens man, had answered this same question regarding the Water and Power Act bravely and squarely by stating, "I am unequivocally opposed to the Water and Power Act."

He added: "When Gov. Stephens speaks before you he will take up two-thirds of his time talking of the soldiers' homes, which we all favor. I will tell you what he will say and add that those are also my sentiments." Senator Rominger then quoted from Gov. Stephens and yesterday the Governor gave his audience another sample of his eloquence, the exact sentiments of Senator Rominger, and in many instances the phrases and sentences.

Justice Sloane Greets Friends in Los Angeles

Supreme Court Justice William A. Sloane, accompanied by Mrs. Sloane, has returned to Los Angeles to look after his candidacy for re-election. Except for Justice Wilbur, he is the only member of the State's highest tribunal who does not come from the San Francisco Bay district.

Justice Sloane formerly served on the Superior bench in San Diego. From there he came to this city as an associate justice of the Court of Appeals. He will remain here several days.

CITY CAMPS POPULAR

Municipal playgrounds in Montebello attract acrobats.

Some 250 campers left yesterday for a two week's outing at Camp Radford, situated in Santa Ana Canyon within hiking distance of Big Bear Lake. This is one of the municipal camps operated by the city under the direction of the playground department. Registration is now open for those who wish to take outings at either camp, the following dates being listed for the balance of the season:

Camp Radford: August 22 to September 9; September 11 to 12; September 25 to October 7.

Camp Lewis: August 21 to September 2; September 4 to 10; September 13 to 20.

SOCIETY

BY VIRGINIA WOODS

Denver Attorney Entertained.

Mrs. Mary F. Lathrop, prominent lawyer of Denver, where she is equally well known in social circles, arrived here yesterday to visit Mr. and Mrs. Samuel L. Kreider of Burck Place, who entertained at dinner in her honor last night.

Mrs. Kreider is also giving a luncheon for Miss Lathrop today and this week-end they will take a motor trip to San Diego, and Colorado.

Miss Lathrop is the first woman admitted to the American Bar Association and she came here from San Francisco where she was a notable figure at all the meetings, social and otherwise, held in connection with the American Bar Association.

Return From Bay City.

Mrs. Isidore B. Dockweiler was a much-admired figure at the reception and banquet given for members of the American Bar Association and their wives in San Francisco. She was at the convention, and returned to San Francisco and then home.

Mr. Dockweiler and Mr. and Mrs. Thomas A. J. Dockweiler, who attended the convention, returned home yesterday. Gabriel Duque, William H. Anderson and several others also returned. Mrs. Thomas L. Duque and Miss Adelaide Duque met Mr. Duque in San Francisco and enjoyed numerous festivities. They were on their way home from a six-week trip to Canada. Mr. and Mrs. Alfred Wright were much entertained and so were Mr. and Mrs. Jefferson Paul Chandler, Mr. and Mrs. G. Mott, Gurney Nowlin, Mr. and Mrs. Franklin K. Lane, Jr., Mr. and Mrs. Ben Hunter and others.

Visits Sister in Bay City.

Mrs. John Percival Jones is in San Francisco visiting her sister with whom she will remain another week. Mrs. Jones was greeting many old friends at the various functions given in connection with the American Bar Association meeting and was a state figure at the woman's banquet Friday evening. She sat at the speaker's table and wore a beautiful gown of rose and silver brocade. At Mrs. Cordeno A. Severance's buffet luncheon on the same day she wore a dark blue dress embroidered in silver with hat to match and at the reception Wednesday evening given for Mr. and Mrs. Severance she wore silver brocade.

Gurney Nowlin, being at the head of the reception committee, was first in line and with him when the honor guests were Chief Justice William H. Taft, Mr. Aubepin, representing the French bar, Lord Shaw, representing the British bar, and several other distinguished folk. Judge, and Mrs. Charles Brainer were at all of these affairs and are now at Feather River. Mr. and Mrs. Kenyon Lee, Bradner W. Lee and Bradner Lee, Jr., were there. Mrs. Bradner Wells Lee and her small granddaughter Barbara Lee are visiting in the East.

Travelers Abroad.

Col. and Mrs. George J. Denis have just arrived in London, according to word received by friends yesterday, after a delightful motor trip through Cornwall and Devonshire, where they enjoyed the fine weather. They are spending this month in Scotland.

Motoring Through North.

Mrs. Mattison H. Jones of Glendale is on a motor trip through Northern California with Mr. Jones. They attended the bar association convention and Mrs. Jones was guest of honor at a large tea on Wednesday afternoon at the Hotel Whitcomb where they were domiciled.

At Lake Tahoe.

Mr. and Mrs. William Gibbs McCadee and his attractive young daughter, Miss Rallic McCadee, are now at Lake Tahoe after a week in San Francisco for the American Bar Association convention. Miss McCadee is en route East, where she will enter Bryn Mawr College. She was very popular while visiting here and the day before she left, Mrs. Wade Everett Griswold gave a smart luncheon in her honor. Miss McCadee rides horseback, swims, plays tennis and dances beautifully.

To Visit Here.

Mr. and Mrs. R. R. Wallace of San Francisco are soon to arrive in Los Angeles in the company of U. S. Senator Cornelius Cole. By the way, was given a great ovation at the American Bar Association delegates in San Francisco and spoke on Friday evening at the Palace Hotel following the big banquet. Others speaking at the same time were Chief Justice William H. Taft, John W. Davis, former Ambassador to Great Britain, who was elected president of the association, Lord Shaw of England, Mr. Aubepin of Paris, Mr. Baxter of Nova Scotia and Mr. Hodghead, with Mr. Severance presiding.

Return From Honeymoon Trip.

Mr. and Mrs. George W. McGill are expected home shortly after a delightful honeymoon trip to San Diego, Beaumont, Yosemite Valley and San Francisco, attending

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

HIVES

Young Daughter Hubbard, she goes to the cupboard. A box of strawberries she spies. She hurls and she eats. In five minutes she weeps. She is wild, she is with the hives. Which would you rather have the hives or my poetry?

I will give you the definition of hives, with some of its variations as it is given in my medical dictionary.

URTICARIA. Nettle-rash, or hives: A skin-disease, characterized by the sudden appearance of smooth, slightly elevated patches, which are usually whiter than the surrounding skin, and attended by severe itching. It may, however, exist in a chronic form. The disorder often arises from irritation of the gastro-intestinal, pulmonary, or urinary mucous membranes. The ingestion of certain foods, such as shellfish, is apt to produce it. Manifestation of mental emotion may also be a cause.

EPIDEMIC U., a severe form ascribed to caterpillar-poisoning.

U. PACIFIC. Same as Auto-graphism.

U. MACULOSA, a form in which the wheals contain a red coloration.

U. MARITIMA, a form due to salt-water bathing.

U. MEDICAMENTOSA, a form due to the use of certain drugs.

U. OEDEMATOSA, a form marked by a suddenly appearing edematous swelling of the skin and subcutaneous tissue of very large area. Called also Giant U.

U. PAPULOSA, urticaria, with a papulous eruption, leaving a solid papule after the eruption has disappeared. It chiefly affects children.

U. PERSTANS, a form in which the wheals remain.

I have had many requests to write on hives as well as other more prevalent in childhood. It is not unusual in adult life. Have you had any of the forms mentioned in the definition I have given you? Autographism is a form of hives in which a swelling of the bar association meetings in the Bay City.

Visitors From Omaha.

Mrs. M. E. Miller and daughter, Miss Edith May Miller, of Omaha, Neb., are guests for a few weeks of Mrs. J. W. Ford, formerly of Omaha, who is now residing at the Ambassador Hotel.

LEADER OF CITY CLUBS IS CALLED

Noted Business Woman of Southern California Suddenly Stricken

Mrs. Ella Horton Durley, well-known club and business woman of Southern California, died suddenly yesterday at Redlands. Mrs. Durley, who had spent several days at Oak Glenn Lodge, Yucata, was motoring home with Mrs. W. B. Hilmrod, when she was suddenly stricken. She was taken to Redlands by her friend, but she died in a short time. Funeral services were held yesterday, following the arrival of her husband, John J. Hamilton of Pasadena, and other relatives.

CHIEF OAKS WINS AUTO SCRIMMAGE

He Will Now Go to Mat on Badge Dispute With City Council Committee

Chief of Police Oaks won the first round of his bout with the City Council over the purchase of fifty automobiles and 1649 new badges for the force when the Supply Committee of the Council recommended the purchase of Dodge automobiles, the make desired by the Chief.

The Supply Committee's report will come before the Council's Finance Committee tomorrow afternoon, even if Councilman Mallard is the only member of the committee which will recommend the expenditure of money for the Dodge cars, the Chief is confident that the majority of the Council will support his request.

At tomorrow afternoon's meeting of the Finance Committee, the Chief will ask for a final "show-down" on his request for 1649 new badges for the force and if the majority members of the committee and of the Council turn down the request, the Chief says that he will ask for donations from the public in order that the needed new badges can be purchased.

CITY BARS BUILDINGS ON SEAWAY

No Permits for Business Structures on Wilshire Boulevard Issued

In order to prevent the locating of business establishments on Wilshire Boulevard, the City Council yesterday, on motion of Councilman Allan, instructed the city's building department to issue no permits for commercial structures to be built on the boulevard from La Brea to the western city limits, pending the final approval by the Council of a City Planning Commission map which definitely zones this part of Wilshire Boulevard against business. The map is still under consideration by the Welfare Committee of the Council which will probably approve of it, but while the map's approval was pending, Councilman Allan and the other Councilmen desired to prevent any building of commercial structures on Wilshire Boulevard.

The City Planning Commission and the Community Development Association have taken the definite stand that Wilshire Boulevard should be kept free of business establishments, so that it can be widened to 200 feet.

HUSBAND FORCED HER TO WORK, WIFE SAYS

When Fred Hildum insisted that Mrs. Saidee Hildum work and support the house, the wife did not care much for the idea, according to a separate maintenance action filed yesterday by Mrs. Hildum. She stood it for a while, the complaint states, but recently decided that she had had enough.

In her complaint, filed by Attorney L. C. Mayhew, Mrs. Hildum charges her husband with "intolerance, inattention and want of fatherly care."

SUMMER AFTERNOON DRESS

Extreme simplicity is responsible for the smartness of this straight line frock. Many women wonder when purchasing a pattern just how long it would take them and at what cost to produce a finished garment. And so for their convenience, we would say that a dress like this could be made in about two afternoons with some time added in which to do the embroidery, at a cost of about \$2.00 figuring on linen at 50 cents per yard.

The ladies' dress pattern No. 1451 is cut in sizes 36, 38, 40, 42 and 44 inches bust measure. Size 36 requires 3 1/2 yards 36-inch material. Price 15c, stamps or coin (coin preferred).

Transfer Pattern No. 608—in blue only—15c extra.

Don't confuse Scott's Tissue Towels with harsh, non-absorbent paper towels. Look for the name on every towel.

Just think how delightful it is to get individual, never-before-used towel for wash-up and know that your hands are very first to touch it.

That's what you get in every Scott's Tissue Towel—every time. A towel that is absorbent, soothing—without taint or action—never laundered—never used before—never damp or half-clean when you need it.

It's so surprisingly easy and convenient to enjoy this sanitary wholesome service installing Scott's Tissue Towels in your home.

They cost only 50 cents for a carton of 150 towels. That's three towels for a cent (and even less by the case). Your stationery, druggist or department store can supply them.

Y.W.C.A. Chief Resigns Office of Two Years

Mrs. Nichols Milbank, who for two years has served as president of the Young Women's Christian Association, has resigned from that office. The resignation will take effect September 1. Mrs. Milbank is prompted to this step as during the next year she cannot give her time and strength as during the period just past and because of absence from the city.

The outstanding achievement of Mrs. Milbank's two-year administration was the erection of the splendid new health unit at 241 South Figueroa street.

Vice-president of the association, Mrs. J. M. Newell, will act as president until the election of Mrs. Milbank's successor.

JEWISH SOCIETY TO CONDUCT DANCE

The Jewish Social Center will have a midsummer dance at Kramer's studio, Fifteenth and Figueroa streets, the 18th inst. at 10 p.m.

A sextette of juvenile dancers from Egan's Dramatic School, under the direction of Mr. Egan, is one of a number of special features on the program. The Royal Orchestra of Hollywood will furnish the music.

WOMAN BATTLES DESPERATE YEGG

Ventura County "Bad Man" Now in Custody

Victim Charges Assault With Deadly Weapon

Lives of Children Saved by Miracle

OXNARD, Aug. 14.—As a result of his most recent escapade here, Alphonse Yegg, known as the worst gunman in Ventura county, will come up for hearing charged with using a deadly weapon with intent to kill. Yegg broke into the home of Mrs. F. Martinez at 2116 after a shot had been fired through the wall of the house and attacked her.

This is the third time he has been arrested in a comparatively short time. He was held in connection with a highway robbery some time ago, but released there being insufficient evidence to convict him. He was later arrested charged with attempting to assault a young woman from Salinas. At the conclusion of his trial in this case he was again released.

WOMAN'S STATEMENT

Officers of the county are confident of a conviction in this case, as there is said to be much evidence against him. The Martinez home, scene of the latest shooting, was visited by officers and newspaper men today. Mrs. Martinez said that Yegg had been knocking her for more than a week and had made an attempt to break into her home on four consecutive nights before he finally succeeded.

This time, she said, he came to the house and ordered her to let him in. When she refused to open the door, she says, he fired a shot through the wall near the bed with a rifle. He aimed at the bullet entered the room only an inch above where the woman was reclining.

Besides Mrs. Martinez in the bed were two of her seven children. How the bullet missed them, she is unable to explain. The children apparently were well in the center of the bed, which must have been sagging considerably, as the bullet's course was marked with a piece of string and crossed directly where the children had been lying, passing between them and their mother.

The woman said she picked fragments of the bullet from the wall as the bullet passed through and made its way through two other walls of the house, scattering fragments on its way.

BREAKS WINDOW

Mrs. Martinez said that Yegg began shooting he broke the window. The children escaped by the front door. When he reached the woman's bedroom he had a 30-30 rifle in his hands. A shell was stuck in the chamber. He put the gun against the wall and the woman said it, A shell followed.

Yegg is said to have caught the woman by the wrist and then by the hair. She screamed for help and neighbors telephoned for Sheriff McQuinn. Mrs. Martinez, while struggling with the man, lured him to the back yard. There he knocked her to the ground and attempted to attack her. He had been drinking and Mrs. Martinez, being a strong woman, managed to fight him off until she was able to escape. She ran to the home of a neighbor.

The only persons near had no gun and were afraid to approach Yegg. When the Sheriff arrived a search was made for him, but he could not be found. Officers continued the search until early morning, when the man was found under a bush in front of the Martinez home. He was taken from beneath the bush and a half-filled bottle of liquor was found in his pocket.

Yegg was taken to the County Jail at Ventura. This morning he said he did not know anything about what happened. Mrs. Martinez is a widow and the mother of seven children.

TO ARREST BANKER

Mexican Authorities Refuse to Admit Fugitive

(BY A. P. DAY WIRE.)
SAN DIEGO, Aug. 14.—A. E. Smith, said to be wanted on embezzlement charges in Parker, Ariz., and Colgate, Okla., in connection with the failure of banks in these cities, is on his way back to San Diego from Matamoros, Mex., aboard the power schooner Marman, according to a message received here this afternoon. The telegram came to C. E. Bernstein, owner of the Marman, from whom Smith chartered the boat last Tuesday, and was sent by Capt. A. Wright, skipper of the craft.

The Marman, it is believed, will come into port next Thursday afternoon or Friday morning. Police officials state that there will be a detachment of detectives on hand to get the Marman and immediately place Smith under arrest.

RESCUERS FIND WOMAN WRITER

(BY A. P. DAY WIRE.)
BAKERSFIELD, Aug. 14.—After being lost in the Greenhorn Mountains for thirty-six hours, Miss Thelma Shepard, a staff writer for the Bakersfield Californian, today was found by a searching party.

Miss Shepard had been assigned to get a special article about Mrs. J. E. Abbott at "Sunday Peak," one of two women forest lookouts in the area. She started Friday on her trek alone and became lost on the rugged trails. She was near exhaustion when found.

Death Ends Vacation of Local Woman

(EXCLUSIVE DISPATCH.)
REDLANDS, Aug. 14.—Mrs. Ella H. Durley of 311 West Fourth Place, Los Angeles, a sister of John J. Hamilton, County Supervisor there, died suddenly here today while on her way to her home, after spending some days at Oak Glen, a mountain resort above Redlands.

Mrs. Durley had enjoyed her visit there and was in excellent health until this morning. When she did not appear for breakfast, friends investigated and found her ill. She was anxious to get home and Mr. and Mrs. Walter Hinrod, who were driving to Los Angeles, offered to take her.

Coming to Redlands from Oak Glen, she was very faint and when she reached the city, asked to stop to get some medicine. After taking the medicine she became very ill. Doctors were called, but before Mrs. Durley could be removed from the automobile to the hospital she died.

Mr. Hamilton was notified at once and came to this city this afternoon to make arrangements for moving the body to Los Angeles, where the funeral will be held. Mrs. Durley was about 40 years old and had been in good health, it was said.

Police Find Stolen Bonds; Hold Suspects

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Aug. 14.—Bonds and jewelry and other valuables to the amount of \$19,000, which were stolen from the home of W. S. Presgrove at Bird Rock, near here, last night, were recovered by the police within a few hours after the robbery, and Fred Williams and F. H. Papke are held in connection with the theft.

The two men were arrested when an automobile, which had been seen in the vicinity of the Presgrove home, was located in San Diego. Neighbors furnished a good description of two men who had been observed near the house a few hours before the robbery was discovered and the police said the description tallied with the pair under arrest.

FIVE INJURED WHEN AUTOMOBILES CRASH

OFFICIALS SAY LIQUOR CAUSE OF ACCIDENT NEAR BAKERSFIELD

(EXCLUSIVE DISPATCH.)
BAKERSFIELD, Aug. 14.—Four men and a boy were slightly injured early today in a head-on collision between two speeding automobiles at Rosam station, twenty-four miles south of Bakersfield, on the State highway. Liquor, the authorities asserted, was responsible for the accident. Two of the men are now in jail.

The injured include J. F. White, Maricopa, sprained wrist, cuts and bruises; Sam Johnson, Maricopa, abrasions, bruised head; Earl Brinkley, George Stringfield, his son, aged 13, sprained ankle, and Joe Ralston, Brawley, Cal., who was the driver of one of the cars in the crash, and Johnson are in jail, facing charges of violating the county prohibition enforcement ordinance. Officials said Johnson refused to divulge his real name and address, being made to establish his identity.

LIFE CRUSHED OUT

Oil Worker in Victim of Fatal Accident

(LOCAL CORRESPONDENT.)
WHITTIER, Aug. 14.—At the inquest held this morning over the body of Harold Lilenquest, who was instantly killed in the oil fields at Santa Fe Springs, the jury brought in a verdict of accidental death.

Lilenquest, with three other laborers, was installing a large boiler for Vessels & Co., who had taken the contract for furnishing the machinery on Twin Bell No. 1 lease. In some manner the boiler slipped, catching Lilenquest underneath it, and crushing the life out of him. His body was brought to the mortuary of Stewart & Morris.

Lilenquest, who was 23 years old and had been working in the Santa Fe Springs oil fields for about three months. He lived at Huntington Beach and is survived by his widow and an infant child. He came to California from Hyrum, Utah.

TAF VISITED BY DESTRUCTIVE FIRE

(BY A. P. DAY WIRE.)
BAKERSFIELD, Aug. 14.—The South Taft business district was wiped out last night with a loss estimated at \$100,000 by a fire of unknown origin, which raged through the oil field city for almost three hours. Fanned by high wind, the flames leaped to buildings and from building to building, and also destroyed a dozen dwellings.

The property destroyed was not more than one-fourth covered by insurance.

Last night's fire was the largest of a series of blazes that have burned more than forty dwellings in Taft and South Taft last month.

FIRE DAMAGES SCHOOL PLANT

Two Buildings and Garage Burn to Ground

Officials Estimate Damage at Approximately \$30,000

Blaze Seriously Cripples Educational System

(EXCLUSIVE DISPATCH.)
BAKERSFIELD, Aug. 14.—Two frame classroom buildings and a garage containing four automobiles were reduced to ashes early today by a fire of unestablished origin, which threatened for a time to destroy the entire \$1,500,000 plant of the Kern County High School. The building is believed to have started from spontaneous combustion. In the garage, caused damage approximately \$50,000 and will seriously affect the educational machinery of the county.

Eight classrooms were destroyed with the school already overcrowded. The entire mechanical drawing department plant was burned. Immediately following the fire, Principal R. A. Spindt announced that no ordinary structures will be erected as soon as possible in an effort to cope with the serious situation.

Starting in the garage, the blaze had destroyed that structure and its contents, had partially consumed one of the classroom buildings and had ignited the second, that of the mechanical drawing department, when the fire department reached the scene. Because of the early hour, the fire did not attract attention until it was too far under way to be extinguished without a heavy property loss.

Acting Fire Chief Thomas W. Funnell directed his men to concentrate their efforts on saving adjoining buildings after several futile attempts to prevent the destruction of the mechanical drawing building had been made.

Three high-pressure water lines were played on the fire and the buildings. Only once did the flames spread to other buildings, this was when a private garage and a second building, in the rear of the school, were threatened. The firemen quickly checked the flames, saving the garage and fence from any estimable damage.

The whole rear private dwelling, adjoining the high school plant in the rear and facing west on the street, was endangered when the garage and fence were "touched off."

Not even the shells of buildings were left standing. The flames lowering all three structures to the ground, leaving only the metal heat radiators upright. The loss from this source was estimated at \$20,000. Two big thirty-passenger buses and two rebuilt touring cars of expensive makes were destroyed in the garage, while contents of the classroom were burned at a loss of \$500.

The mechanical drawing department equipment, the most damage to its equipment cannot be readily replaced. Priceless plans and instruments were included in the equipment which was consumed.

Prefers Death to Separation After Divorce

(EXCLUSIVE DISPATCH.)
FRESNO, Aug. 14.—After resolving last Friday that he would end his life and preparing funds for his own burial, Orrin K. Cowan, 36 years of age, a candy salesman for M. Lima, this morning walked into a garage at the rear of the Lima home at 1039 T street, placed the barrel of a .32-caliber revolver against his right temple and pulled the trigger.

The man was found an hour later by his mother, who notified the police and Coroner. Letters which Cowan wrote last Friday, together with \$25, contained in a small wooden box, were found by the man's side.

Grieving over his separation from his wife and young daughter was the motive which prompted the deed, according to letters which were addressed to his wife and daughter and to the local Eagles' Lodge and Mr. and Mrs. Lima.

TIE-UP NOT TO DELAY MEETING

Spanish War Veterans Go Ahead With Program for Encampment Here

Los Angeles veterans of the Spanish-American War, in charge of the arrangements for the twenty-fourth annual encampment and reunion of the United Spanish War Veterans, to be held here the 21st to 25th inst., went ahead enthusiastically with the convention program last night, when Commander-in-Chief Oscar E. Carlstrom wired from Chicago that he, accompanied by his staff and 175 Illinois delegates to the convention, were about to leave for Los Angeles.

They are expected to arrive at 3 a.m. next Sunday. This message was received by the local committee, foreman Peter F. Roller, chairman of the national convention finance committee, telegraphed to the delegates and national officers of the United Spanish War Veterans and the delegates and visitors to the women's organization, the National Auxiliary to the United Spanish War Veterans, in session here the same week, to California's Star Line, or Nevada, or Arizona, that the "railroaders" in the Spanish War Veterans' organization were voluntarily to get the trains to Los Angeles.

MEDAL IS GIVEN TO SWIMMER

Angeleno Who Dragged Endangered Couple from Under Pier Honored

A Carnegie bravery medal for the rescue of Jack Donovan, 62, Sunset Boulevard, arrived in Los Angeles yesterday. It was awarded for his heroism in venturing under a bridge last Sunday night and dragging L. Lavinsky and his wife to safety.

The couple had been caught in the rip current carried beneath the pier, where the waves hurtled them against the barnacle-covered piling. The life guards, who had been busy all day pulling bathers to safety, would not risk their lives under the pier. The undertaking was too hazardous. A swimmer would be helpless if knocked against the huge supports.

Donovan, who is 24 years old, took the chance, however. He will receive his medal within a few days at a ceremony to be arranged by Capt. T. W. Sheffield, divisional field director of the American Red Cross, to whom the badge of bravery was sent.

Boiler Worker Electrocuted by Light Wire

Taking hold of a supposedly faulty light extension to view the interior of a "dead" boiler, which he had cleaned, Pedro Crispo, aged 28 years, of 233 California street, was instantly electrocuted. The fatal accident occurred at the plant of the Los Angeles Pressed Brick Company at 353 Date street, where Crispo was employed.

Employees at the brick yard immediately notified the police and Nurse Peterson and Driver Hosick of the Receiving Hospital responded with a pump. The pump was used for nearly an hour in an effort to save the youth's life, but without success.

GATES TIRES

The Tire with the Wider and Thicker Tread

Why Lose This Mileage—

Don't you often see a tire blow out when it still has a lot of miles left in it?

There was just the one weak spot where a bump got thru the tread and bruised the inside fabric.

Isn't it reasonable then, that a wider and thicker rubber tread would have saved the fabric and given you two or three thousand more miles from that tire.

You are getting this extra mileage from Gates Super-Tread Tires and the reason is clear. They have a wider and thicker rubber tread.

Deaf Mutes to Read Lips at Spoken Drama

Twenty-five or more deaf mutes are planning to attend the Pilgrimage Play Thursday night, and in order that they may miss none of the beautiful lines of this wonderful biblical play they will occupy seats close to the big open-air stage so that they may "hear" by lip reading.

Mrs. M. V. Lewis, president of Sunshine Circle of the Deaf, will be in charge of the party whose personnel will include members of a special section of seats has been set aside.

Girl Can Save Half of Fine if She Stays Good

By a "Times" Staff Correspondent
SANTA MONICA, Aug. 14.—If Miss Hilma Serb of 54 Pickering street, Santa Monica, is a strictly Volsteadian manner during the next six months she will be given \$250. King rules today that half of her \$500 fine would be returned at the end of that period as a reward for good conduct.

For the present Miss Serb will have no departmental alternative, as she began serving a ten-day sentence today for violating the anti-liquor ordinance. She was arrested in the extensive dry raids recently conducted here.

Mrs. Alice Denham of the Purser Apartments, another victim of the same raids, will be sentenced tomorrow. City Prosecutor Webber has asked the judge to send her to jail, also. It was Mrs. Denham who fainted in court last Saturday when she learned she would be tried by the Federal authorities after the local court had disposed of her case. She was released under \$4000 bond today by the United States Marshal's office.

City Will Buy Beach Frontage Near Topanga

The City Council yesterday instructed City Attorney Stephens to file condemnation suits to take over the ownership for the benefit of the public of the ocean frontage between Long Wharf and the Topanga Canyon. This beach frontage came within the city when the Westgate section was annexed.

ered all employees as numbers and not as individuals in their relation with the company. By this method Mr. Milbank was able to direct the policies of the company from the experience of the employees themselves.

He began his connections with the Union Oil Company here in 1905 as a stockholder, being elected to the board of directors in 1911. Two years later he was appointed to the executive committee. A few months ago, he was instrumental in the formation of the Union Oil Associates, which saved the Union Oil Company as an American concern.

Born June 27, 1864 at Greenfield, Ill., Mr. Milbank was educated in the schools of New England and at Yale Business College. He was a member of the California Club, Los Angeles Country Club, Los Angeles Country

PAGEANT PROGRAM NAMED

Hippodrome Revue, Picture Making and Stunt Drills by Regular Troops Are Features

(Continued from First Page)

The amusement program for the Pageant of Progress at Exposition Park, August 26 to September 9, will range from the spectacle of showgirls in latest dances to the attack of Chateau Thierry, participated in by 400 of Uncle Sam's trained regulars.

BEAUTY THRILLS

Beauty is combined with mystery and thrills in the wonderful marine ballet where the performers in their final exit disappear in the sea.

Thirty-six motion-picture producers have united in the selection of a number of stars, directors and others necessary to making a picture. This feature is expected to be of special interest to visitors who are not admitted to the studios and all of whom are eager to learn how pictures are made.

It is planned to make a comprehensive idea of the entire procedure, from setting the stage to an emotional act by well-known stars.

In addition to participating in the Chateau Thierry attack, the U. S. troops will give stunt drills. There will be two complete programs daily, one in the afternoon and one in the evening. The approximate time of these performances will be three-quarters of an hour for the marine ballet; one-half hour for the motion-picture making; one-half hour for the cavalry maneuvers; one hour for the big Hippodrome revue, and one-half hour for the Chateau Thierry spectacle, which will be the closing number.

EXTRA OFFER IS WAY TO VICTORY

New Subscriptions Now Vital in Prize Race!

STRONG FOR \$500 PRIZE.

Best Hustler Gets Extra Gold

Every \$30 Club of New Ones Worth \$5,000 Extra Votes

Crucial Period of Race Makes Candidates Speed Up

NOW!

Every possible vote! The crucial period of the Times \$70,000 prize campaign is at hand. With only twelve days remaining of the \$5,000 extra vote offer and the \$500 extra gold offer—and the end of the campaign already in sight—candidates are beginning to put their every effort into the battle to run up a big score of votes that will assist them in their drive to victory.

Every new subscription now has a triple value! Every new subscription turned in during the special offer, which closes at 5 p. m., August 25, will count on the \$500 extra vote offer, the \$5,000 extra gold offer and at the same time will yield votes that will count in the race for the two wonder homes that head the \$70,000 prize list to be distributed September 1.

Reports continue to come into the campaign office telling how candidates who thought that a certain field had been completely covered, have been mistaken, that these fields are yielding thousands of votes, not only on second payments, but on new subscriptions.

The Territory covered by The Times is a large one and the number of new subscriptions it is possible to secure is almost without limit. Every possible vote should be gotten now, because this is the last \$50 club and gold offer of the campaign.

Late nominations and late starters are showing signs of activity that promises plenty of excitement in the closing days. Practically every mail brings in enthusiastic letters, and others in the city of Los Angeles call personally at the campaign office to talk over details that will enable them to make a hustling drive to the finish.

Since there are a number of towns within The Times

"Treasure Hunting"

territory where no candidate is active. It provides an excellent opportunity for someone to step in and secure the support of the entire local community. And this support would, in most every instance, be sufficient to place such candidate in the winner's column September 1. It's all a matter of starting, and keeping at it until the final day.

Every \$30 club of new subscriptions will bring \$5,000 EXTRA votes—and all the regular votes as usual. The candidate who turns in the highest amount in new subscription payments during this period will get the ADDITIONAL REWARD of \$500 in gold—with every chance for a \$100 prize at the end. Now is the time to get busy!

IRLE RUMORS INTENDED TO DISCOURAGE

No Attention Should Be Paid to Molestation Statements

Tales of almost unbelievable vote credits may come to the ears of some candidates. Such stories are circulated with the purpose of discouraging others and should be given no credence. It stands to reason if any candidate had so many, many votes that he or she would not be advertising the fact.

Some one may meet you

Observations of the Campaign Manager

Have you seen all your subscribers about extending their subscriptions? When filling out stubs on payment subscriptions, be sure to mark at the top "second payment" and directly opposite the amount of the FIRST payment as the votes can be secured correctly. Getting this race. Votes are increasing with leaps and bounds. There seem to be a number of candidates who are just coming to a full realization of the splendid opportunity before them. These late starters are stirring things up, too. A good indication of what is going to happen is the number of calls for subscription books. It is better to be safe than sorry in filling out subscription stubs and marking them either "first" or "second." When old subscriptions are turned in as new, the votes will be forfeited, as candidates had better find out first. The city-wide candidates are fine-coming the town. But at that, most of the smaller towns are getting just as much attention. Checks and money orders should never be made payable to an individual. Make them all payable to "The Los Angeles Times." And be sure to see that the amount corresponds with the stub or stubs. Second payments are like making two blades of grass grow where one grew before. Have you decided how to spend the \$500? Apartment-houses and hotels contain a lot of people who should be subscribers to The Times. Have you tried them?

ENTER NOW AND WIN!

Votes secured during this last \$30 club offer may win one of these prizes September 2:

\$16,500—Wilshire Crest Home	1,940—Stephens Hall
8,500—Spanish Bungalow in West Hollywood Tract	1,900—Auburn Beauty
4,200—Lincoln automobile	1,895—Haynes
3,695—Marmon automobile	1,885—Chandler
2,775—National automobile	1,785—Liberty Cavalier
2,680—Stearns-Knight automobile	1,685—Nash

1,975—Wescott automobile	1,070—Maxwell
1,000—30 Gold Watches at \$50	Rings at \$150
10% Cash Commissions to Non-Prize Winners.	2,000—20 Talking Machines at \$100

YOU CAN'T LOSE! USE THIS BLANK.

Is it possible to win a home—or an automobile—and a district prize besides? No. After the home and automobile winners are decided, the district prize—a \$150 diamond ring, \$150 cash—will go to the NEXT highest candidates in each of the twenty districts.

How many votes will be needed to win the first prize? It is a question no human being can answer. The answer will not be known until the campaign has closed.

Must 250 clubs be turned in all at one time in order to get the \$5,000 extra votes? No. It is much better to turn in subscriptions as fast as they are secured, as the paper can be secured at any time. The campaign department keeps accurate records of all subscriptions turned in. There is no advantage in holding them back.

Do candidates in the city have any advantage over those in the country? Certainly not. Any candidate in the list has an equal opportunity to win a home or an automobile. Some of the automobiles are to be awarded exclusively in the various districts.

Can a subscription be changed from one member of the family to another and be called a NEW subscription? Positively NO. This is termed a "transfer." A candidate will forfeit the vote on such change.

DR. PRITCHETT BACKS MOORE

Noted Scientist Commands Constructive Work

Johnson's Vote on Orient Treaty Condemned

Devotion to Self Found Senator's Weakness

(EXCLUSIVE DISPATCH.)

SANTA BARBARA, Aug. 14.—Congratulatory letters and telegrams from all sections of the State have poured into headquarters of the Santa Barbara Moore-for-Senator Club, following the sending out from here of the endorsement of Charles C. Moore's candidacy by Dr. Henry B. Pritchett, widely known scientist and director of the Carnegie Foundation.

Dr. Pritchett became deeply interested in the Republican nomination fight shortly after Mr. Moore had been named as a candidate to oppose Hiram Johnson. Searching the public records of both Senator Johnson and Mr. Moore, he was able to logically align the qualifications of both and to note their future effect on the State and nation.

Summed up, Dr. Pritchett's judgment made Moore a most desirable man to have in the United States Senate, while Johnson's shortcomings were overwhelming.

Dr. Pritchett said: "I believe Mr. Moore's election to the United States Senate would constitute a great gain both for California and for the country, because I believe that he belongs to the group of thinking, constructive men. An engineer by profession, a business man by training, with a long experience in the administration of great affairs, he has nevertheless given himself generously and heartily to the public service, with no thought of reward."

COMMENTS ATTITUDE

"His willingness to undertake the labor of this campaign is itself a generous act. His attitude toward the problems which the country faces is that of the reflective, trained, experienced thinker who seeks first to get the facts and then to follow those facts to their legitimate conclusion."

"The United States Senate needs today men of this constructive and reflective type, men who have a passion for the facts first and then are willing to follow where the facts lead. Mr. Moore belongs to the type of man who would do no talking and no more thinking, and it is to such men that we must look if the country is to advance intellectually, morally and materially."

"We want men who think straight about our national problems, whether they be commercial, industrial or educational, and we want men who think straight about our international relations and who are willing when the truth is known to accept it and follow it. Such a man Mr. Moore's whole life shows him to be."

"The two most important measures that have been before Congress during Johnson's membership were the Enoch-Cummings bill and the treaty of the Four-Power Pact as it is called. Senator Johnson did not vote on the Enoch-Cummings measure."

CONDENMS FACT VOTE

The Four-Power Treaty, negotiated by President Harding and Secretary Hughes, is the most promising effort the world has seen toward a peaceful solution of the Far Eastern turmoil. It avoided entangling our government in formal alliances, but threw the moral power of the country on the side of peace and justice. Senator Johnson opposed it bitterly and voted against it.

"He has never yet explained to the people of California on grounds that a reasonable man could accept why he acted as he did on these two measures. Let us assume, as we must, that the senator was sincere and honest in his vote. The inevitable conclusion to which one must come under these circumstances is that Senator Johnson does not think clearly enough upon great constructive measures to represent the State of California in the Congress of the United States."

"Senator Johnson has practically assumed that devotion to his own interests was above devotion to his party. He has allied himself, not with the President and the more thoughtful men of his own party, but with a little group of critics who oppose in the most bitter fashion all constructive measures."

"The main reason why some other man should be sent to the Senate in the place of Senator Johnson lies in the fact that both by his temperament and by the self-centered position which he has come to take he no longer thinks clearly and constructively about national, international, and political causes."

WHITNEY BABY ARRIVES HERE

(Continued from First Page)

"Oh, I don't know anything about the legal and of it. All I know is that my daughter and I don't want any money, we only want the legitimacy of the child established. Yes, just a formal marriage, that's all."

"You see she is my old daughter. And this is my only little grandson. It has been a great shock to me. The girls nowadays don't seem to think so much of such things that they matter much. Well I guess I am an old-fashioned mother."

JEWELER'S FUNERAL CONDUCTED TODAY

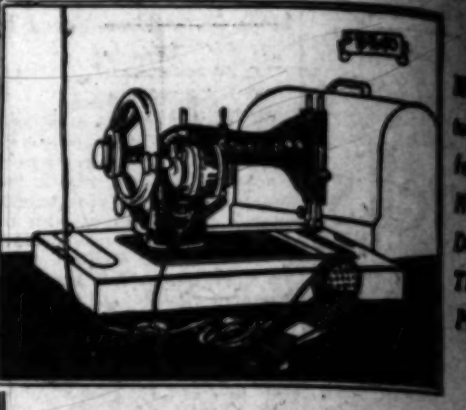

Simon Schneider, president of the Magnolia Jewelry Company, will be buried today—his fifty-fifth birthday anniversary. He died yesterday afternoon at the Pacific Hospital.

Funeral services are to be conducted at the Draper Undertaking Parlor at 3 p. m., with Rabbi Naches officiating. Mr. Schneider, whose home was at 2707 North Hollywood Boulevard, leaves a widow and eight children.
